ABOUT US

Established in 1972, M&J Group are one of the largest specialist construction companies in the UK. Having developed our extensive knowledge of the flat roofing industry into total building envelope works. Evolution has taken us beyond the boundary of simply installing roofs. Client expectations and needs have changed, we have recognised this and evolved with our clients to meet their needs. M&J are most frequently employed as the Principal Contractor on projects. Taking full responsibility for not only all the various trade elements of the project, we also take on the responsibility for Health & Safety, as well as overall project design liability.
